

## Effective Immediately

### Electronic Devices Policy

As we enter the New Year, the faculty and administration would like to apprise you of a change in the school policy regarding electronics. EFFECTIVE IMMEDIATELY, no electronic devices are to be brought to school. Said electronic devices detract from the learning environment. Teachers reserve the right to confiscate such devices, which will be turned into the Administration.

Those students whose parents wish to have cell phones for after school use, will be required to give their phones to the respective classroom teachers in the morning and retrieve them at the end of the school day.

Cell phones, cameras, video recorders, mp3 players, iPods, and any other electronic device ARE NOT ALLOWED on field trips.

### Feathers

Feathers are allowed only on dress down days. The faculty and administration recognizes the allure to the new fashion. However, they may present a distraction to the studious academic atmosphere which promotes optimal success.
